Gentlemen:

Prior to August 19, 1980, a Notification of Hazardous Waste Activity was filed for our facility at 201 - 35th Avenue, Council Bluffs, Iowa 51501. EPA ID Number IAD 000651026 was assigned to this facility.

At the time of filing, we indicated that the activities included generation and treatment/storage/disposal. Subsequently, it was determined that the facility is a small generator and did not treat, store or dispose of hazardous waste. Part A of the RCRA Permit application was not submitted.

Please correct your records to indicate the fact that the only hazardous waste activity at this facility is generation. The EPA ID number was requested to facilitate transportation and disposal of small quantities of hazardous waste generated at this warehouse.

Sincerely,

C. T. Davis
Regional Distribution Manager
